**LETTER OF COMPLIANCE**

Telenor Maritime Radio, Radio Inspection have been invited to examine the new Poseidon Pharos GMDSS simulator, version 6.1. Based on a SAT and a pilot test during several months, we hereby verify that the simulator is in compliance with:

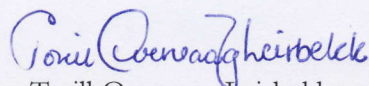

- 1) Functional requirements in accordance with SOLAS chapter IV
- 2) STCW 95, code A-IV/2, Section B-I/12 and B-IV/2

During the test period Telenor also verified that the simulator meets the education requirements stipulated in CEPT ERC DEC (99)01.

The SAT was carried out at Poseidons office in Bodø and the pilot test was performed by subject co-ordinators at Rogaland Radio GMDSS Training Center and Vestfold College, Maritime Department.

Sincerely,

A handwritten signature in blue ink that reads "Torill Overvaag Leirbekk".
